

ASEAN CSCOs Program: Participant Consent Form

Event: ASEAN Digital Capacity Building for Smart Cities

Dates: November 20-21, 2025

Location: Nakhon Si Thammarat, Thailand

What We're Asking Your Permission For: By signing this form, you're agreeing to let us:

Take Photos

- We'll be taking photos throughout the program (presentations, field visits, group activities, networking dinner)
- These photos may be used for program documentation, future promotional materials, and reports

Record Audio

- We'll record audio during workshops and discussions
- Recordings will be transcribed using AI tools to help capture ideas and create accurate documentation
- Audio files will only be used for transcription purposes

Use Workshop Materials

- Your stories, ideas, case studies, and contributions during the workshop will become part of our collective work
 - These materials will be used to create the **Handbook for Citizen-Centric Smart Cities**
 - The handbook will be shared with ASEAN cities and smart city practitioners
 - Your contributions help create a practical resource that benefits cities across the region
-

What This Means in Plain Language

- ✓ **You're helping create something useful** - Your input will be part of a handbook that helps other cities solve real problems
 - ✓ **We respect your contribution** - All participants will be acknowledged as co-creators of the handbook
 - ✓ **No surprises** - Photos and materials will only be used for ASEAN smart city initiatives and related programs
 - ✓ **Casual and collaborative** - This isn't about legal fine print; it's about working together openly
-

What We Won't Do

- ✗ Share your personal contact information without permission
- ✗ Use recordings for purposes beyond transcription and documentation

- ✗ Sell or commercialize any materials
 - ✗ Attribute controversial statements to you individually without context
-

Your Rights

- You can request that specific photos not be used (just let us know)
 - If you prefer not to be in group photos, we'll respect that
 - You maintain ownership of your original case studies and materials from your home city
 - The collective handbook will be a shared resource for everyone
-

Questions?

If you have any concerns or questions about how we'll use photos, recordings, or materials, please reach out to:

Khun Siriporn: +66 (0)65-995-4442

Khun Sanakorn: +66 (0)91-825-7505

I Consent

By signing below, I confirm that:

- I understand what I'm agreeing to
 - I consent to photography, audio recording, and the use of my workshop contributions
 - I'm happy to be part of creating the ASEAN Citizen-Centric Smart Cities Handbook
-

Participant Name: _____

City/Organization: _____

Signature: _____

Date: _____

Thank you for being part of this collaborative initiative! Your stories and ideas will help shape smarter, more citizen-focused cities across ASEAN. 🌍✨
